ACKNOWLEDGMENT OF SUPPORT OF FEDERAL CAPACITY FUNDING

Acknowledgment of Federal Fund Support for Research
Faculty and staff supported by Federal Capacity Funds are required to acknowledge this support in any future publications. If other funding sources are acknowledged in the publication, then support through Hatch, Multistate, McIntire-Stennis, or Animal Health programs can be listed along with the others. This acknowledgment should appear in all publications reporting studies supported by the Cornell University Agricultural Experiment Station (CUAES,) including journal articles, extension bulletins, theses, books, and departmental reports. A sample statement follows:

“This work is/was supported by the USDA National Institute of Food and Agriculture, [insert project type, e.g. Hatch/McIntire Stennis] project [insert accession number]. Any opinions, findings, conclusions, or recommendations expressed in this publication are those of the author(s) and do not necessarily reflect the view of the National Institute of Food and Agriculture (NIFA) or the United States Department of Agriculture (USDA).”

Contact Mark Schrader (msh26) Administrator, CUAES, if you have any questions about this statement relative to research projects.

Acknowledgment of Federal Fund Support for Extension
Acknowledgment of NIFA support must appear in the publication of any material, whether copyrighted or not, and any products produced in electronic formats (e.g. World Wide Web pages, computer programs, etc.) which is substantially based upon or developed using Smith Lever funds:

“This work is/was supported by the USDA National Institute of Food and Agriculture, [insert project type, e.g. Smith Lever/EFNEP] project [insert applicable proposal number or leave blank if program support].”

Contact Jennifer Holleran, Assistant Director Business Operations, Cornell Cooperative Extension, if you have questions regarding Extension projects.

Acknowledgment of Federal Fund Support for Research and Extension Integrated Projects
The acknowledgment should be worded as follows:

"This work was supported by a joint research and extension program funded by the Cornell University Agricultural Experiment Station (Hatch funds) and Cornell Cooperative Extension (Smith Lever funds) received from the National Institutes for Food and Agriculture (NIFA,) U.S. Department of Agriculture. Any opinions, findings, conclusions, or recommendations expressed in this publication are those of the author(s) and do not necessarily reflect the view of the U.S. Department of Agriculture."
